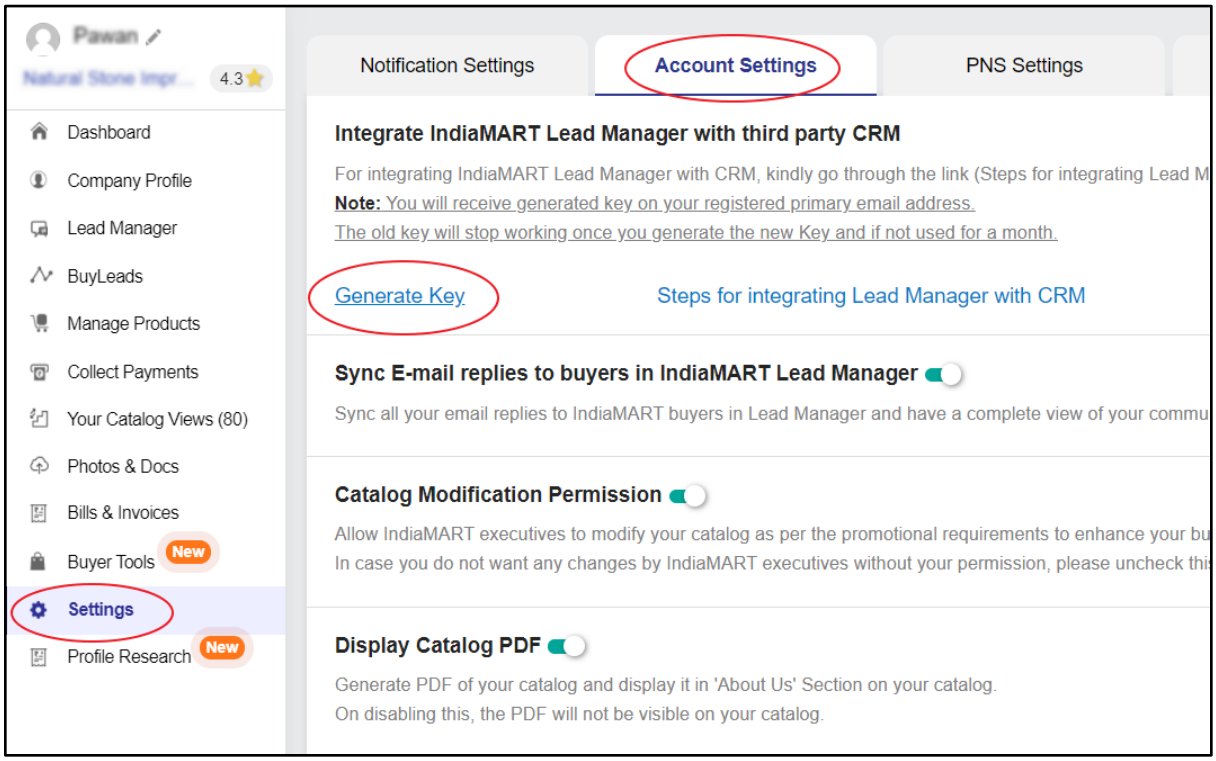
IndiaMart Configuration

1. Integration of IndiaMart

Please find below the details and steps for integrating this API with third party CRM to fetch IndiaMART leads (requires paid account of IndiaMART).

- Generate CRM Key
  - Visit seller.indiamart.com, login to your account, then go to:
  - **Settings > Account Settings** available on the left navigation. Now click on **Generate Key**. A unique CRM key will be received on your registered email-id.



Note: In case you have already generated the CRM key, please check all the email folders before generating a new key. The API Key will also be shown on this screen in red colour. On clicking 'Generate Key', a new key will be generated & an older one will expire (if any Key was already generated earlier, that will stop working).

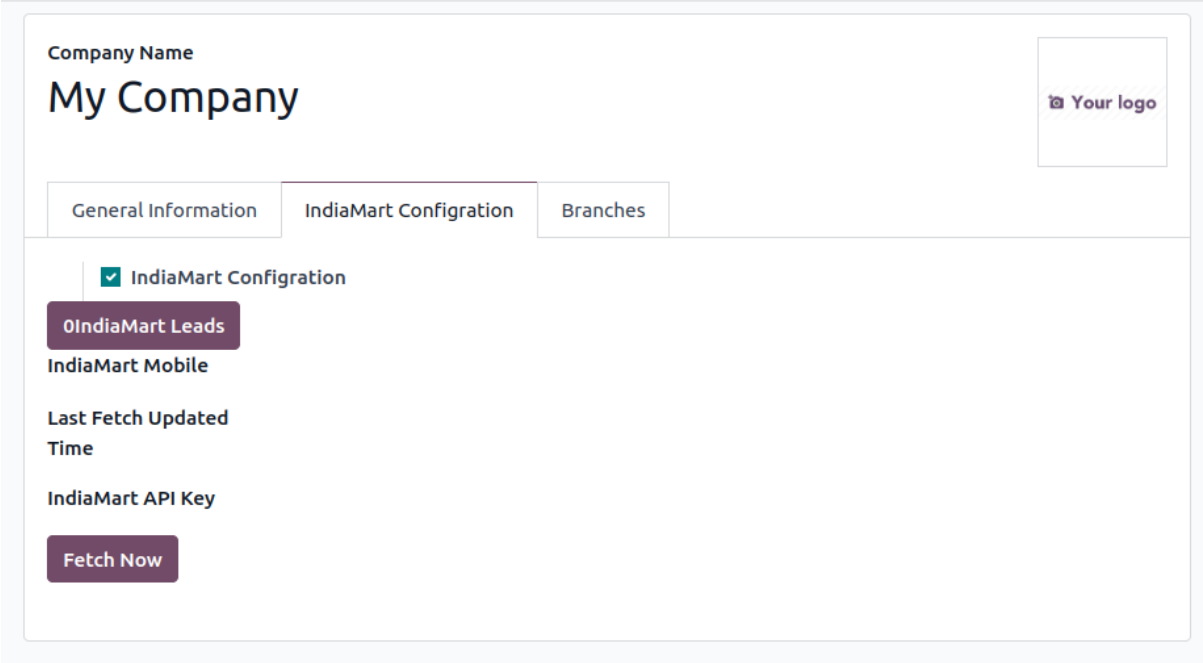
2. Enable IndiaMart Configuration

- Login as a administrator
- Go to Settings > Users & Companies > Companies > Open Company
- Go to IndiaMart Configuration tab
- Tick IndiaMart Configuration



3. Add IndiaMart Mobile and IndiaMart API key

- Login as a administrator
- Go to Settings > Users & Companies > Companies > Open Company
- Go to IndiaMart Configuration tab
- Fill up IndiaMart Mobile and IndiaMart API Key and save

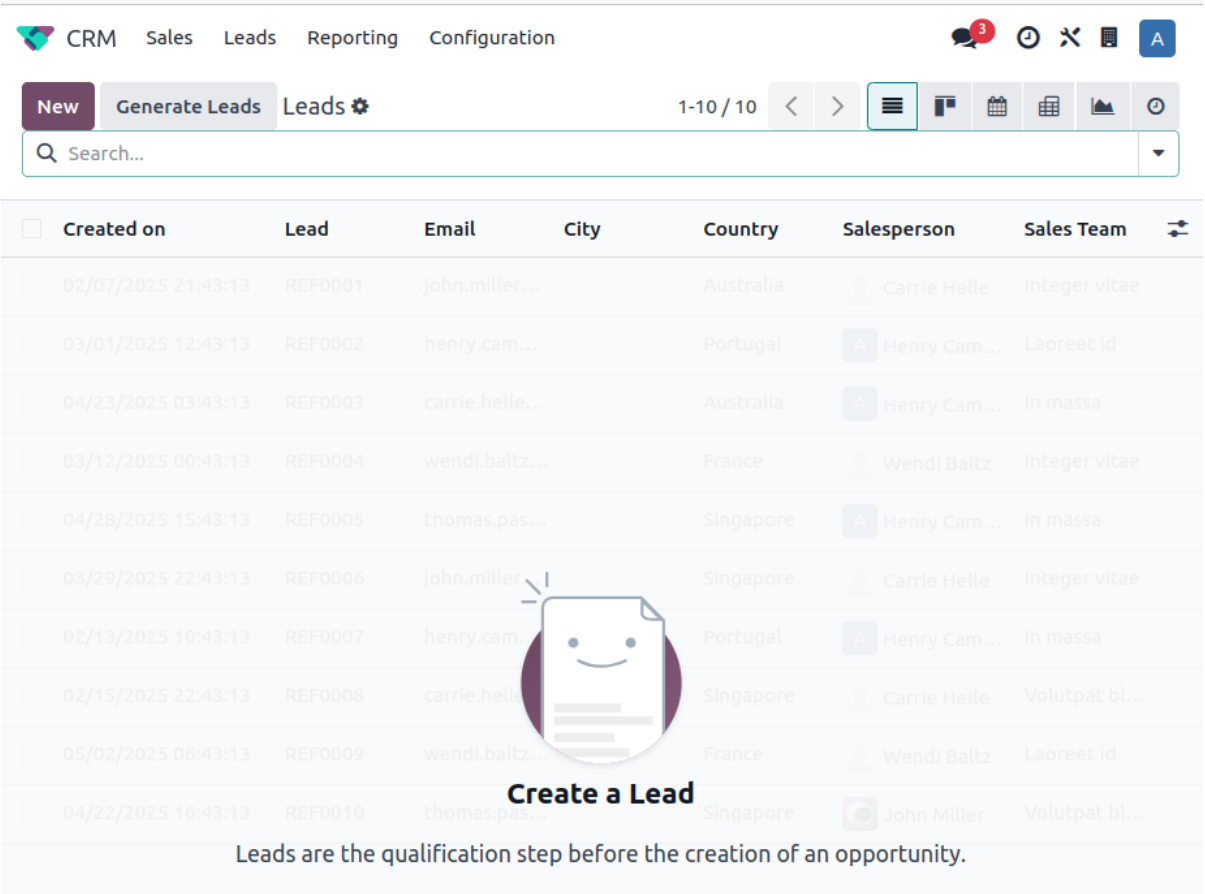
Features of STPL IndiaMart Connector

1. Visible Leads menu in CRM by default

After installing the STPL IndiaMart Connector module, the Leads menu will be visible automatically.

- Login as a administrator
- Click on Grid icon
- Go to CRM > Leads



2. Get response from API and create leads with scheduler

Every 30 minutes the scheduler will be run and leads will be created automatically if there are any leads available in response.

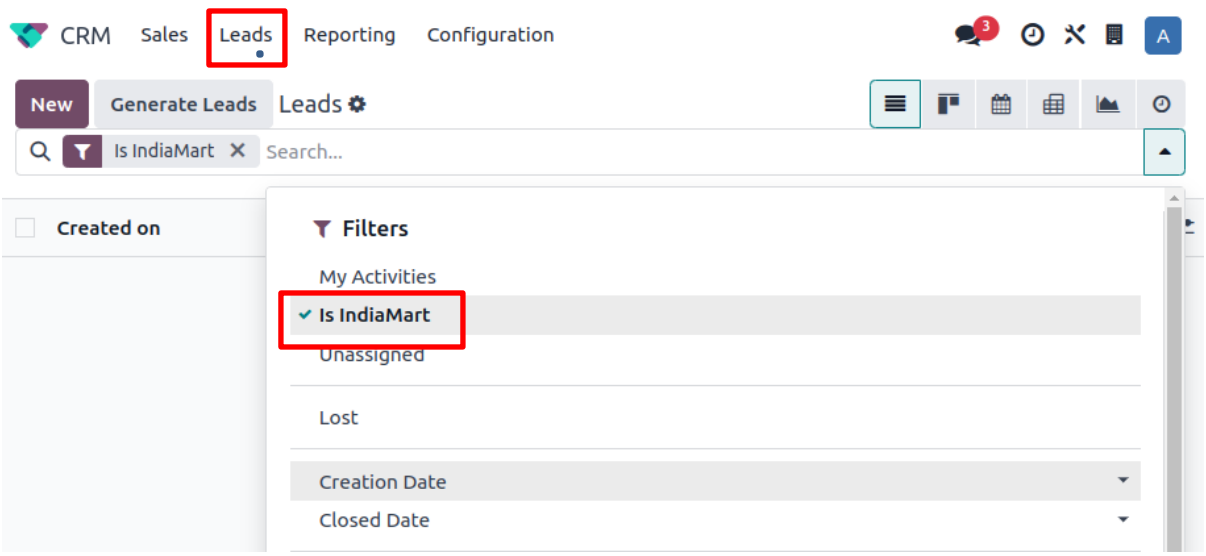
- Login as a administrator
- Go to CRM > Leads
- Check leads after 30 minutes

3. Filter for Leads created by IndiaMart

You can check which leads are created by IndiaMart.

- Login as a administrator
- Go to CRM > Leads
- Filter by is IndiaMart

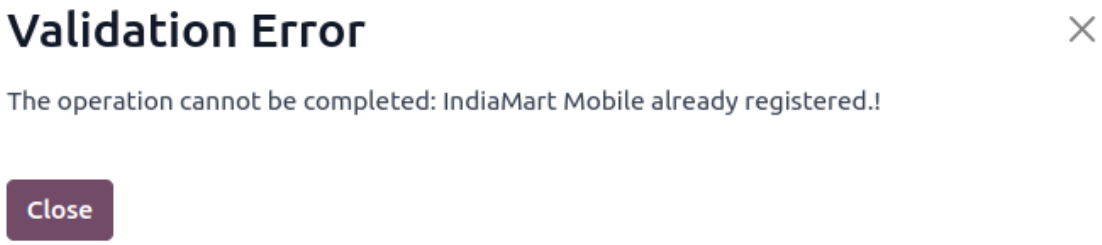
Copyright © Surekha Technologies



4. **Validation on IndiaMart Mobile**

   You will get an error if you are trying to add a registered number more than one time.

   - Login as a administrator
   - Go to Settings > Users & Companies > Companies > Open Company
   - Add IndiaMart Mobile number which is already used in other company



5. **Smart button for IndiaMart Leads**

   You can check the number of leads which are created by a scheduler for a particular company. Also you can see the list of leads for that particular company by clicking on IndiaMart Connector smart button.

   - Login as a administrator
   - Go to Settings > Users & Companies > Companies > Open Company
   - Check the IndiaMart Leads Button in header

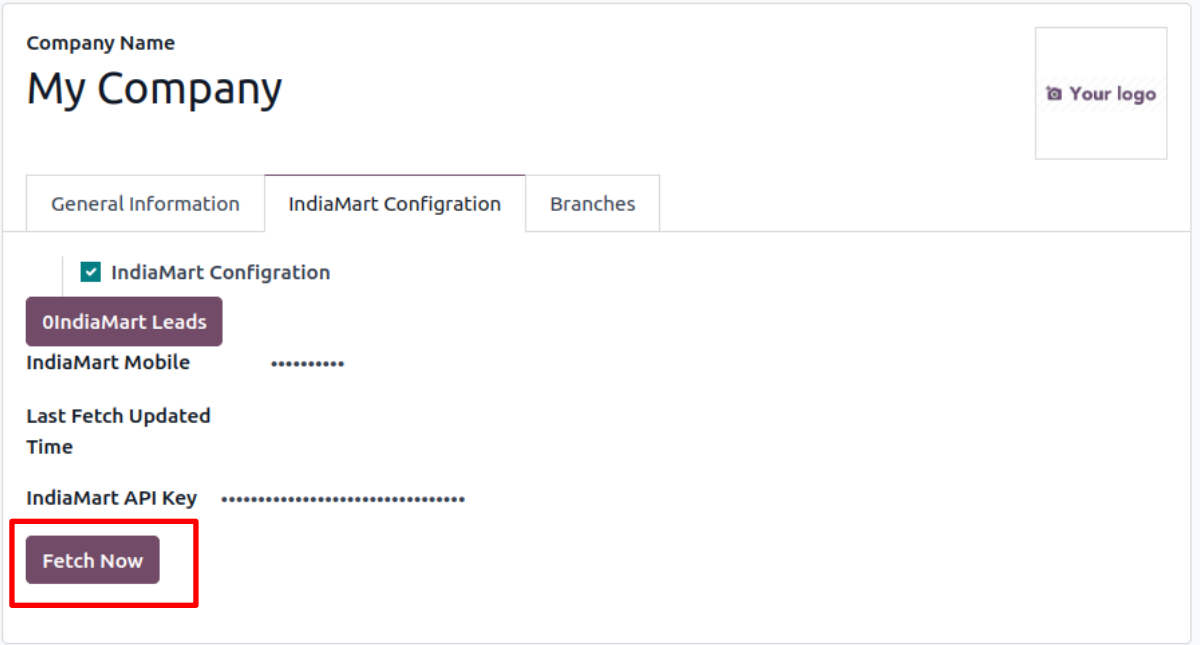
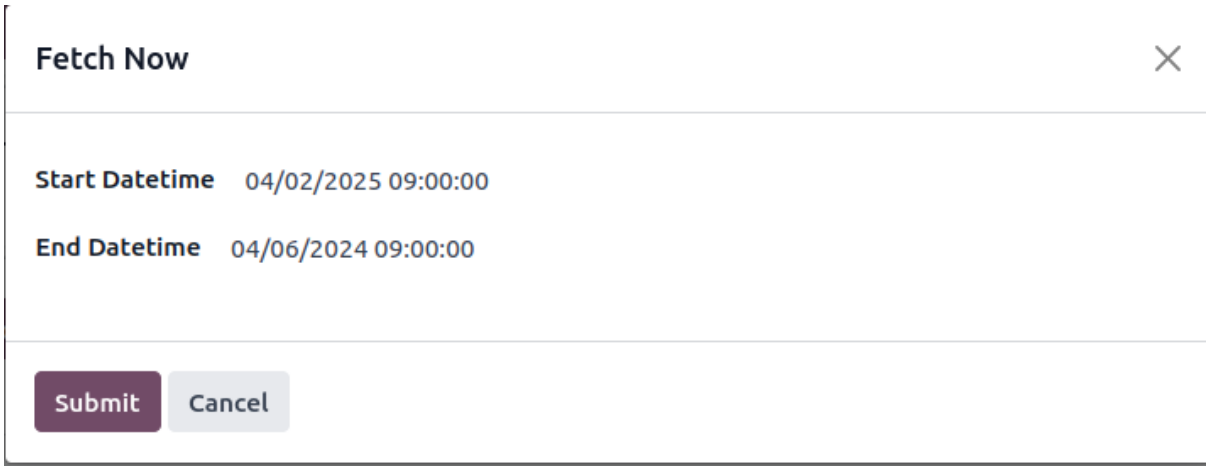
6. **Fetch now button for manual fetch**

   You can fetch the response with manual time duration by clicking on fetch now button. For that you need to add Start Datetime and End Datetime in wizard of Fetch now. You will get the response for only a given time duration.

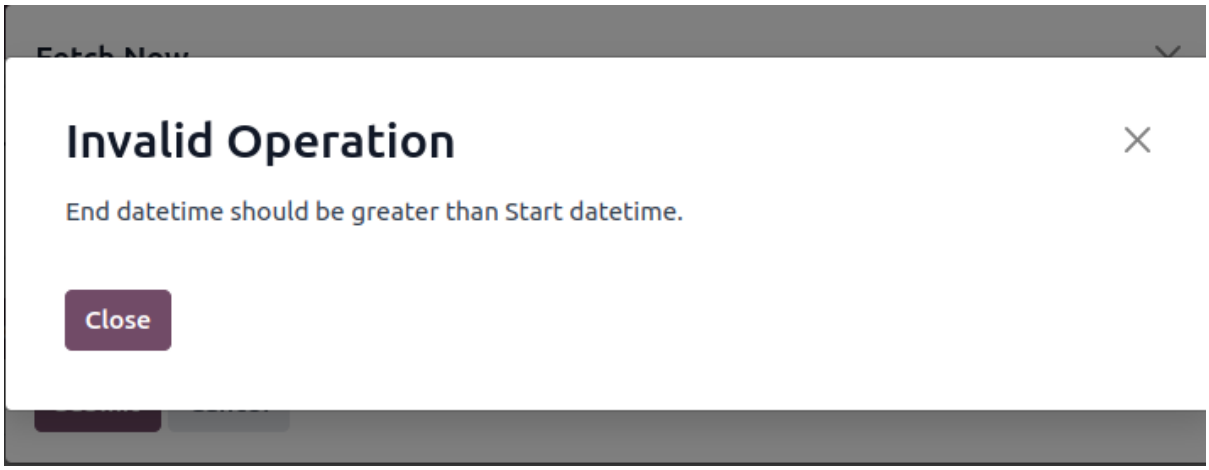
   - Login as a administrator
   - Go to Settings > Users & Companies > Companies > Open Company
   - Click on fetch now button
   - Add the Start Datetime and End Datetime





Copyright © Surekha Technologies

7. **Validation on Start Datetime and End Datetime**
   You will get Error If you add the Start Datetime greater than End Date time.



You will get Error If you add the End Datetime greater than today.
